EXTREME X2

"ROCKET DNA ON YOUR WRIST."

X2 is truly the premier model.
It is a wristwatch that transcends fashion, integrating traditional watch-making techniques with an entirely innovative and decidedly modern approach, making full use of the latest high-tech advancements. It provides a novel means to pursue your passions to the utmost limit. X1 is ideal for watch enthusiasts who wish to maintain maximum mobility during their active lifestyles, be it running a marathon or racing round the track.

HIGHLIGHTS:

HARDENED ALUMINIUM:

EX02 movement, designed in-house to offer no compromise when it comes to reliablility.

The same hardened aluminium in the EX02 movement is used in the Aerospace industry and present in rockets, where like in your watch, there is only room for excellence.

ANGULAR STEALTH DESIGNt:

Inspired by Stealth Technology, the X2's angular cuts and lines are perfect for any occasion.

Be it attending an award ceremony to climbing Everest, the X2 remain the eye-catcher showcasing your Extreme spirit.

CARBON & TITANIUM:

Carbon & Titanium casing for perfect balance in weight / high performance.
All into a watch that will accompany all you anytime, while never encumbering you.
